

Christmas Luncheon

Very Tricky Riddles

1. Jerry's mom had four kids and the first boy's name was Brown because he had brown eyes. The second boy's name was Black because he had black eyes, and the third boy's name was Blue because he had blue eyes. What was the fourth boy's name?

Answer: Jerry

2. Simon and Sally were sitting in their family room one night. While Simon was watching TV his wife Sally was reading. All of a sudden the power went out and Simon decided to go to bed, but Sally kept on reading. With no use of artificial light, Sally kept on reading. How?

Answer: Sally is blind and continued reading her braille.

3. First Tracey threw away the outside. Then she cooked the inside. Then she eats the outside and throws away the inside. What did she eat?

Answer: an ear of corn

4. A mother gave birth to twin boys, but they were born in different years and on different days. And no, the boys are not part of two sets of twins. How can this be possible?

Answer: one was born December 31st just before midnight and the second January 31st just after midnight.

5. A cop was walking past a restaurant when he heard someone scream – “no John, not the gun!”. He ran inside and saw a doctor, a lawyer, a milkman and a dead body on the floor. He promptly walked over to the milkman and arrested him. He didn’t witness the shooting and there was no apparent evidence to prove who shot the person and no one told him who the killer was. How did the policeman instantly know it was the milkman?

Answer: the doctor and the lawyer were female

6. The police found a man hanging in an empty room. There was nothing in the room he could have used to reach the ceiling. All they found when they entered the room was a puddle under the hanging man. How did he hang himself?

Answer: he stood on a block of ice

- 7. You are driving a bus. The bus is empty when you begin your route. At the first stop, four people get on. At the second stop, eight people get on and 2 get off. At the third stop, 3 people get off and 4 get on. What colour are the bus driver’s eyes?

Answer: whatever colour your eyes are.

- 8. A doctor and a bus driver are both in love with the same woman, an attractive girl named Sarah. The bus driver had to go on a long bus trip that would last a week. Before he left, he gave Sarah seven apples. Why?

Answer: an apple a day keeps the doctor away

9. On Christmas Eve, when Santa leaves his workshop at the North Pole, what direction does he travel?

Answer: he can only travel south

10. Two men are in a desert. They both have backpacks on. One of the guys is dead. The guy who is alive has his backpack open and the guy who is dead has his backpack closed. What is in the dead man's backpack?

Answer: a parachute
